

## Print Wirelessly from Your Laptop at Your Clearwater Public Library

### We now offer wireless printing from your laptop at all five Clearwater Public Libraries.

Follow the links below to temporarily install a Print Client on your Windows laptop or MacBook. Unfortunately, this technology does not work on mobile devices. You do not need a library card number to print wirelessly.

#### 1. Download the Print Client

Click the link to download.

Wait for one or two popup messages asking you to Save or **Run** the program. Click **Run**. The LPT One Print Client (clientlauncher) will open on your machine. *If you are using Firefox, you will need to click Save, then Run.*

#### 2. Open the file you want to print.

Click **Print**.

Choose the **B&W** or the **Color printer** from the drop down list and the number of copies.

Please note, black and white copies are \$.15 per page. Color copies are \$.50 per page.

Click **OK**.

#### 3. Wait for the popup asking for your User ID.

Type a simple **ID** you can remember. You will need it to pick up your print out.

Click **OK**.

Wait for the popup confirming the print cost.

Click **OK** to complete printing.

#### 4. Visit the print and pay station.

Follow the directions for printing.

When asked for your library card number, enter the **User ID** you chose.

#### 5. Close the Print Client

If you are using a Windows laptop, click **Stop Print Client**.

If you are using a Mac laptop, click **Quit LPT One Mobile Print Client** from the menu.

The program will be deleted when you shut down your computer.
